Yash Raj

goluyash8826@gmail.com · Pune, Maharashtra · github.com/yash-raj-01 · LinkedIn

EXPERIENCE

Member · Developer Club

- Part of the club's developer community, collaborating with fellow members on projects and learning modern web development practices.

Former Member · SETU Club

- Took the initiative to design and build the official website for SETU Club, taking it from idea to a working site for the club.

PROJECTS

Open Library Book Finder · HTML, CSS, JavaScript · GitHub

- Built a single-page book discovery app in vanilla JavaScript that searches the Open Library public API by title or author and displays results with cover images in a responsive grid.
- Implemented sorting (relevance, title, year, edition count) and keyword and publication-era filters, plus a detail view with descriptions, subject tags and live star ratings.
- Added a personal bookshelf with an annual reading-goal tracker and a dark/light theme, with graceful handling of loading states, empty results and API errors.

DailyDevs · HTML, Tailwind CSS, JavaScript · GitHub · dailydevs.vercel.app

- Developed a community platform that showcases projects from developers worldwide through a card-based gallery with a dynamic "Show More" loader.
- Built a responsive, dark/light-themed interface with a step-by-step contribution guide so developers can submit their own projects via pull requests, and deployed it on Vercel.

Terminal Music Player · Node.js · GitHub

- Built a keyboard-driven terminal MP3 player in Node.js that auto-discovers local tracks and supports play, pause, resume, next and previous with a circular playlist and auto-play.
- Rendered a flicker-free terminal UI with a live progress bar and elapsed/total time, and handled corrupt or empty audio files without crashing.

Travel Blog (SnW) · HTML · GitHub

- Created a personal travel blog website using HTML.

SKILLS

Programming Languages: JavaScript, Python

Developer Tools: Git, GitHub, VS Code, PostgreSQL, MySQL, Prisma ORM, Vercel

Libraries / Frameworks: React, HTML5, CSS3, Tailwind CSS, Node.js, Express.js

EDUCATION

Newton School of Technology, Pune **2029**

B.Tech, Computer Science
